### Shared spaces, to be enjoyed with others

We have designed our community facilities to foster socialisation and bring people together, while also providing plenty of quiet nooks to enjoy one's own company. These shared spaces are full of light and offer an ideal environment for all residents to meet new friends and spend time with family.

Sit down for a coffee, indulge in a bit of luxury at our hairdressing salon, or enjoy the simple pleasure of reading a book in our scenic gardens.

It's not enough to cater to people's needs; we want our residents to relax and to be able to do things they've always enjoyed doing.

Note: soft furnishings and decorations shown are for styling purposes only.  
Residents are encouraged to complete the look of their room with familiar personal items for a homelike feel.
